## Cutting Instructions

Stack as many squares as you are comfortable cutting at the same time and align the black 10" square on the ruler on the stack so it is centered. Make cuts through the 0, 3", 7" and 10" slits.

Repeat until all of your 10" squares have been cut into the 3 units.

Keep the units in stacks and shuffle the two on the right so that you will automatically be sewing different fabrics together.
